Data Science | Cloud Computing (AWS) | Full-Stack Development | Generative AI

CAREER OBJECTIVE

Enthusiastic B.Tech Computer Science undergraduate (Class of 2027) with hands-on internship experience in Data Science and Full-Stack Development. Skilled in Python, SQL, JavaScript, and data analytics, with exposure to AI tools, cloud computing (AWS), and big data. Google Student Ambassador and Infosys Springboard program alumna actively seeking entry-level opportunities or internships in Data Science, Software Development, or Cloud Computing.

EDUCATION

B.Tech — Computer Science & Engineering *Sep 2023 – May 2027*
Sri Venkateswara College of Engineering, Tirupati
Minor in MBA | Expected Graduation: May 2027

Intermediate — MPC (Mathematics, Physics, Chemistry) | Narayana Junior College *2021 – 2023*

SSC (10th Grade) | Cambridge High School *2021*

INTERNSHIPS & TRAINING

Data Science Intern | Youngminds Technology Solutions Pvt Ltd, Tirupati *May 2025 – Jul 2025*
- Applied Python (Pandas, NumPy, Scikit-learn) to preprocess datasets and build predictive models
- Conducted exploratory data analysis (EDA) and data visualization using Matplotlib and Seaborn
- Delivered analytical reports translating data insights into actionable business recommendations

Full Stack Web Developer Intern | CODTECH IT Solutions *Jan 2026 – Feb 2026*
- Built and deployed responsive full-stack web applications using Python, JavaScript, HTML, and CSS
- Designed and consumed RESTful APIs; integrated front-end components with back-end services
- Optimized application performance and participated in end-to-end product delivery cycles

Full Stack Python Developer Intern | Micro IT *2025*
- Developed Python-based web solutions and backend logic for dynamic web applications
- Collaborated on database design and API integration using SQL and Python frameworks

AI & Machine Learning Virtual Internship | SmartBridge Educational Services, in collaboration with AP State Council of Higher Education *2026 May-2026 July*
- Completed a 2-month (120-hour) Short-Term Virtual Internship Program on Artificial Intelligence and Machine Learning under JNTU Anantapur
- Built foundational skills in AI/ML concepts and applied them to guided practice projects

Virtual Internship 7.0 | Infosys Springboard *2026 July-present*
- Completed structured virtual internship covering AI, data science, and software development modules
- Applied learnings to simulated industry projects involving data-driven decision-making

IBM Edunet Internship | IBM *2026 August-present*
- Participated in IBM's technology education program covering AI fundamentals and cloud concepts

PROGRAMS & ACHIEVEMENTS

Google Student Ambassador 2026 | Google *May 2026 – Present*
- Selected as one of a limited group of student leaders to represent Google on campus
- Organizes developer events, workshops, and awareness sessions around Google Cloud and developer tools

Pragati Cohort 8.0 | Infosys Springboard *2026 March-2026 May*
- Selected for flagship women-in-technology upskilling program focused on industry readiness

AI EMPOW(H)ER Program | Infosys Springboard *2026 April-2026 June*
- Completed AI-focused empowerment program covering Generative AI, tools, and real-world applications

PROJECTS (GITHUB: GITHUB.COM/INNDHU-09)

Todo-List Web App — Django, Python, SQLite, Bootstrap

- Built a full-stack to-do list application using Python and Django following the MVC pattern
- Implemented add, edit, delete, and mark-complete task functionality with SQLite for persistence and Bootstrap for responsive UI

Student Management System — Flask, Python, SQLite, HTML/CSS

- Developed a student records management system using Python and Flask
- Implemented CRUD operations (add, view, update, delete) for student details with SQLite as the backend database

Responsive Web Application — CODTECH_INTERN (JavaScript, Python, HTML/CSS, REST API)

- Built a full-stack responsive web app with REST API integration as part of the CODTECH internship
- Integrated front-end components with back-end services and optimized application performance

AI-Buddy — Streamlit, Python, Claude AI (Generative AI / Agentic AI)

- Developed an AI Learning Buddy, a Streamlit app powered by Claude AI that tutors students on Machine Learning fundamentals
- Built an interactive chat interface with auto-generated quizzes to reinforce learning concepts

Data Analytics & Visualization Dashboard — Python (YoungMinds Internship)

- Performed data preprocessing, EDA, and visual reporting using Python libraries on real-world datasets

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, R, HTML, CSS
Data Science & ML: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, EDA, Feature Engineering, Predictive Modeling
Web Development: Full-Stack Development, Django, Flask, Node.js, RESTful APIs, Responsive Design
Cloud & Big Data: AWS (fundamentals), Microsoft Fabric, Hadoop, Big Data Processing, Scalable System Design
AI & Tools: Generative AI, Claude AI, Agentic AI, Streamlit, Power BI, GitHub, VS Code, Google Workspace, SQL Server
Databases: SQL Server, SQLite, Relational Databases, Basic NoSQL

CERTIFICATIONS

- Microsoft Certified: Fabric Analytics Engineer Associate — Microsoft (Earned Aug 2026; Credential ID: FF500CD42A239FA0)
- Artificial Intelligence and Machine Learning — Virtual Internship Certificate, SmartBridge Educational Services & AP State Council of Higher Education (Certificate ID: VIP-AIML-2026-5667)
- CCNA: Introduction to Networks — Cisco
- Introduction to AI — Microsoft
- Data Analysis with Power BI — Microsoft
- Tata GenAI Powered Data Analytics Job Simulation
- Data Analytics for Machine Learning
- SQL and Relational Databases 101
- DSA using Python
- Agentic AI Essentials
- Generative AI Model Development — NxtWave

SOFT SKILLS

Communication | Teamwork & Collaboration | Problem Solving | Analytical Thinking | Time Management | Leadership | Continuous Learning
